JOURNAL.

OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 7 August 1983

State for Congressional Relations, telephomed to say that the Senate Foreign Relations Committee will probably call Mr. McCons for a hrieflag in executive session on the nuclear test bon treaty on it August. A memo was forwarded to Ceneral Carter regarding this with a copy to Mr. Enoche. 25X1 Russ Blandford, Mouse Armed Services Committee staff, telephomed to say Subcommittee Mr. I will not take up the CIA retirement legislation bill next week as had been anticipated and the Subcommittee will be smable to do so until about the Zist of August. 25X1 Rwing Hass, Administrative Assistant to isension Thomas Muchel, called to say he had discussed with the Senator the matter and the Senator had asked if I would brief Mr. Mass 25X1 an this, I talked with Hass in considerable detail regarding including information on his background, associations and activities. Thoir him that 25X1 was well known to us end had been sending as material since as early at 1959, and that while we consider him a fabricator of reports, his informa- tion was reviewed by our people. I indicated that while he frequently had some correct information, his conclusions and speculations were causily erronsous. As to the substance of the article by George Tode, I indicated that there was no question but that there was a rift in Sino-Soviet relations, adding that if this were a sham it certainly was at a tremendous cost. Hass said this would have been their feeling also. Hass thanked one for this information which he said he would pass on to the Senator, He does not entirelyste that they will desire anything further on this. 25X1 Racegy staff, called and asked for a copy of NiZ it-3-63. I teel thin I had two others an my doek which I was ending to him but I was not familiar with It-3-63. I told him I would look into it, however, and let him how.	25)	¥1
Foreign Relations Committee will probably call Mr. McCome for a briefing in executive session on the nuclear test han treaty on its August.
